

BSTS — print order

Hand this sheet to the counter with the file. Two brochures, one file, two sheets of paper.

THE ORDER

File	BSTS_BOTH_BROCHURES_OfficeMax.pdf — 4 pages
Paper size	Letter, 11 × 8.5 in — landscape
Stock	100 lb matte text (80 lb text is an acceptable substitute; do not use gloss)
Colour	Full colour, both sides
Sides	Double-sided (duplex)
Duplex flip	FLIP ON SHORT EDGE
Scaling	100% / Actual size — do not fit-to-page or shrink to printable area
Edge-to-edge	Borderless / full-bleed if the machine offers it
Finishing	Tri-fold, letter fold (roll fold) — not Z-fold

The one thing that must not be wrong: flip on the SHORT edge.

Landscape duplex flipped on the long edge prints the inside upside down relative to the outside, and the whole run is scrap. If the form says “head to head” vs “head to toe,” pick the one that keeps both sides reading the same way up in landscape.

WHAT COMES OUT

SHEET 1 — PAGES 1 & 2

Client Capabilities Brochure

For prospective customers.

SHEET 2 — PAGES 3 & 4

Advisor Referral Field Guide

For consultants, CPAs, MSPs, attorneys.

FOLD — LETTER / ROLL FOLD, AS PRINTED LEFT TO RIGHT

Inner flap 3.625 in	Back cover 3.6875 in	FRONT COVER 3.6875 in
-------------------------------	--------------------------------	---------------------------------

Odd pages (outside). Score at 3.625 in and 7.3125 in from the left.

Panel 3 3.6875 in	Panel 4 3.6875 in	Panel 5 3.625 in
-----------------------------	-----------------------------	----------------------------

Even pages (inside). Score at 3.6875 in and 7.375 in. The narrow panel is the one that rolls in first — it is deliberately 1/16 in short so the fold closes flat.

PLEASE DO

- Print a single proof sheet first and fold it by hand.
- Check the front cover ends up on the outside right.
- Keep the dark background rich — no toner-saver / draft mode.

PLEASE DON'T

- Scale, rotate, or “fit to printable area.”
- Print single-sided or flip on the long edge.
- Z-fold instead of roll fold.
- Substitute gloss or cover stock.
